FOIA Officer
EPA R-5
Chicago

Sir/Madam:

This is to request, pursuant to the Freedom of Information Act, copies of certain records acquired or created by your agency concerning Superfund ID# MID980794473 (known variously as Cast Forge Co. or South Branch, Shiawassee River, Michigan) and PCB contamination.

Please furnish me with copies of any and all communications, including but not limited to letters, email, reports, memoranda, phone notes and the like, from December 1, 2015 to present between EPA Region 5 and the Michigan Department of Environmental Quality (MDEQ) having to do with public health advisories and/or human consumption of wild game, especially waterfowl, such as ducks and geese. (I am *not* presently seeking information about fish advisories.)

Thanks in advance for your assistance.

Jim Lang
